ROBOT SERVANTS

- When will we have household robots? I'm very skeptical about present robotics.

- What will they be like? As in science fiction?

- What should they be like?

- Will they have emotions? Free will?

- What's the biggest danger? Their use in human conflicts.

A NEW AGE OF LUXURY—LIKE THE VICTORIAN RICH

- My household robot will replace my housekeeping in an hour a day. What about the other 23 hours?

- Super-cleanliness and order.

- It knows where everything is?

- The teenage girl's ladies maid.

- The porter. No more than six robots allowed.
